ABOUT US

About Janki Social Foundation

Janki Social Foundation focuses on helping students learn real skills and gain practical experience while they are still studying.

The internship model presented in this brochure is training-based and designed for undergraduate students. Programs are aligned with UG (CBCS) curriculum, UGC guidelines and NEP 2020, with an emphasis on clarity, practical learning and guided work.

These internships are not positioned as certificate-only activities. The learning approach is intended to help students move step by step from fundamentals to practical tasks, with orientation, mentor support and structured completion.

01

Learn step by step

Concepts explained in simple language before practical work begins.

02

Understand real work

Assignments and tasks are oriented toward practical application.

03

Build confidence

Guidance and review help students become more confident and job-ready.

Why Choose Us

A simple, clear and useful internship experience built around learning, practical work and student support.

01

Focused on Learning

Proper training, practical work and clear domain understanding — not certificates alone.

02

Designed as per NEP 2020

Program structure reflects the academic orientation of UG (CBCS) curriculum, UGC guidelines and NEP 2020.

03

Structured & Recognizable

A consistent internship process helps students and colleges understand the learning journey.

04

Experience-Led Delivery

The training model is designed around guided exposure to practical work and real skills.

05

Student-Friendly Approach

Easy registration, simple learning, mentor support and quick guidance whenever students need it.

06

Flexible & Accessible

Online, offline and hybrid modes with multiple duration options for varied student needs.

STUDENT-FIRST LEARNING

Clear orientation. Guided practice. Practical completion.

Internship Process

A four-step journey from registration and orientation to guided training, practical work and final completion.

01

Registration & Orientation

- Students register by sharing basic details such as course, college, domain and duration.
- Orientation explains the internship plan, schedule, tasks, reports and certificate process.

**02**

Training Phase

- Students first receive proper training.
- Basics are explained in simple language with real examples so learning becomes easy and clear.

**03**

Practical Work

- After training, students work on practical tasks and assignments based on real work.
- Mentors guide students regularly and help them learn by doing.

**04**

Review & Completion

- Work is reviewed and feedback is shared.
- After successful completion, students receive an internship certificate and support for report and college submission.

OUTCOME

A structured, documented and student-friendly internship completion journey.

Janki
Social Foundation

CLOSING NOTE

Thank You

Thank you for your interest in
Janki Social Foundation's
training-based internship programs.

We believe practical learning, guided mentorship and meaningful exposure can help students grow with confidence. Through structured internships and career-focused skill development, we aim to support learners on their journey from study to real-world readiness.

“

**Empowering students through
practical learning, guidance
and opportunity.**

With appreciation —
Janki Social Foundation
